TOGGLE FUNCTION

Touching the arrow or title opens the entire menu: touching again closes it. Needs to be sufficiently sized and space to allow for large fingers. User does NOT have to close a previous item to open new: stays open until explicitly closed. Default: open "DINNER".

RESERVATIONS

Find a reservation at M+D.

Party Size

Date

Time

Select from any of these available times:

2

1

DROPDOWN / WIDGET BEHAVIORS
OpenTable defaults to current date, 2 people, available evening dinner times. On selecting a different date / time / # of people, the system sends a refresh request and repopulates based on available times. If success, moves to Desktop Flow Step 2. If fails, moves to Error State. If it errors on the OpenTable side, Open Table manages after post.

2

ARROW RIGHT
Scrolls to additional times on the same day.
